There were no changes to the agenda.

Agenda Item 2 PUBLIC INTEREST COMMENTS (No Action)

There were no public interest comments.

Agenda Item 3 Discussion regarding further development of proposed regulation changes with respect to Scope of Practice for presentation at future Workshop.

Discussed development of proposed regulations with respect to Scope of Practice for Presentation at future Workshop.

The first topic of discussion was the Homeopathic topic in regards to regulating Applied Kinesiology under Homeopathy. Several letters were reviewed from AK doctors in the field including a letter from the Chairman of the International College of Applied Kinesiology. There was much discussion as to how to include AK into the scope without limiting it. It was unanimous that AK is Chiropractic developed by a Chiropractor and pretty surprised that the Homeopaths would even consider such a move. The final conclusion on how to handle the situation was to advise the CPBN lobbyist and the NCA lobbyist to approach the Homeopathic lobbyist at to their intensions regarding this matter and make a determination at that time once we have more information as to whether they plan on moving forward with this.

The NCA discussed their issues regarding PT's , Extremities, and announced that the ACA would like examples of insurance misconduct. (at least 100)

Laser therapy was discussed at great length with no conclusions made.

Mandatory state association membership was discussed.

The rough draft in place was approved by everyone present at the meeting with the exception of one change Number 5 instead of Chiropractic Physiotherapy it will be Physiotherapeutic Procedures.

Agenda Item 4 Public comment.

There was no public comment.

Agenda Item 5 Adjournment.

Dr. Youngblood moved for adjournment. The motion was seconded by Dr. Campbell and passed unanimously. The meeting adjourned at 3:10pm.

Approved: April 4, 2008
