Chiropractic Physicians' Board

Spring 2018

BOARD HAPPENINGS

Cupping Therapy - At the Board's April 12, 2018 meeting cupping therapy was voted on and approved to fall under physiotherapy.

Message from the President

I would like to thank Dr. Ben Lurie, past President of the Board, for his countless hours of hard work, commitment and dedication to the Board. I do realize that I have big shoes to fill, and look forward to serving as the elected President. I am honored to take on this role and look forward to expanding my knowledge with respect to the Board operations. I would like to thank the Board members for their commitment to serving the public. I look forward to working with each of you.

I would also like to thank the Board's lobbyist, Dan Musgrove for keeping the Board apprised of the activity taking place with the legislature as well as the representatives of the State Associations (NCC and NCA) for taking time out of their practices to attend the Board meetings to keep the Board up-to-date on their current events.

While chiropractors are not allowed to prescribe medication, it is important for chiropractors to be educated to share essential information with their patients.

We invite each of you to join us for the Board's quarterly meetings. A schedule of the Board meetings and other pertinent information can be found on the boards' website at chirobd.nv.gov.

Again, I look forward to serving as your Board President!

Dr. Jason O. Jaeger, DC, President
