Agenda Item 1 Public Interest Comments - No action.

Dr. Benjamin Lurie, CEO, Neck and Back Clinics requested that agenda item 11 be tabled due to not being able to meet with the Northwest Career Technical Academy staff to finalize the student program. Dr. Lurie stated that while conducting defense expert witness testimony and record review, NRS 49.215 was addressed with regard to doctor, patient relationship and the privacy of records. This case involves text messages between the patient and the doctor and they are claiming that the text messages are private under NRS 49.215. The statute references the definition of a doctor, however chiropractors are not referenced as a doctor. Dr. Lurie asked Mr. Ling if chiropractic physicians are included in this statute or not, and what is the difference between a doctor and a physician? Mr. Ling stated that when it comes to these privileges they have to be

strictly construed, so for the purposes of the doctor patient privilege a doctor is what the statute states, which does not include chiropractic. Dr. Lurie requested that the Board consider adding chiropractors to NRS 49.215.

Dr. Lurie stated that there are several chiropractic physicians selling liens for personal injury patients to third party investors and hedge fund companies. Dr. Lurie indicated that he is working with a patient who was not aware that their lien was being sold and inquired whether there is anything the Board can do for public protection to inform a patient that their lien is being sold and who it is being sold to? Dr. Lurie requested that the selling of liens be added to the next Board agenda. Dr. Rovetti reminded the Board and the public that if an item discussed during public comment is recommended to be added to a future agenda, the item needs to be added by a Board member.

Dr. Rovetti opened the public hearing for R064-19 and asked for public comment. Dr. Benjamin Lurie stated concern with the recommended 50 hours of continuing education not being sufficient to become certified in dry needling. Dr. Lurie stated that in previous years there was discussion by a previous Board President and the past President of the NCA that continuing education courses were being taught over a weekend were insufficient. Dr. Lurie asked what had changed? Mr. Ling confirmed that the legislature indicated the minimum could be 50 hours based on the training chiropractic physicians have already completed. There were no other public comments and public comments was closed. Julie Strandberg provided an overview of the proposed language regarding prorating the licensing fee and provided an estimate of the reduced revenue. Dr. Colucci recommended that the Board research how other Boards structure their renewal fees. Dr. Colucci referenced that many other states have adopted dry needling and 50 hours is the average number of continuing education hours required to become certified. 2010 Case

To Whom It May Concern:

This document is to stand as a written account of my recollection of the events and specifics related to my legal cases from 2010 (Federal Heights, CO) and 2013 (Westminster, CO). I'll begin with the 2010 instance, discuss the 2013 incident, and then conclude with an explanation of why these were not mentioned on my application.

To begin with the 2010 case involving the charge of "false reporting," in Federal Heights, CO. That summer afternoon, I was spending the day at a popular water park in Colorado called Water World. My best friend and I would get the annual Splash Pass every year and this summer was no different. On the particular date of this incident, we invited two other girls from school to come to Water World with us.

After having fun on the water slides and amusements, the four of us went to the Lazy River, which is essentially a massive circular pool with an island in the middle of it. The idea is to get onto an innertube and let the pool's current drift you around the circle until you wanted to leave. After three or four revolutions, the girls we brought wanted to go to the restroom. Attempting to be gentlemen, we held onto the girl's tubes as they were in the restroom so that they wouldn't have to go get another rental. A lifeguard saw my best friend and me each having two tubes, which was against the pool rules. After telling him we were just saving them for the girls, he called me up and instructed me to get out of the pool. After an exchange regarding why he had to tell me a second time that the rule is only one tube per person in the pool, I told him I would have only one tube as soon as the girls returned. He took that to be confrontational and called security. Because of Water World's close proximity to the Federal Heights Police Department, security was in fact a Federal Heights Police Officer. As I'm chatting with the officer, he tells me that I disregarded the instructions of the lifeguard on duty, and that he's going to escort me out of the park and invalidate my Splash Pass if I have one.

Naturally, I thought to myself that I would just claim I didn't have a Splash Pass so I could retain it. On our way out of the park, the officer asks me for my information to cancel my pass. So I gave him an imaginary alias. He cross-checked the pseudonym with the dispatcher at Federal Heights Police Department, and then discovered I was lying about my name because I wanted to keep my annual pass. After he caught me, I apologized and gave my true information, and then he took me to the ticketing office to nullify my annual pass and then wrote me a citation for false reporting to a Peace Officer. I paid my fine promptly and have not even mused of that day for at least the past 8-9 years.

2013 Case

The day is August 1, 2013. I'm now 21, and have recently bought a .22 plinking rifle for camping and target shooting. I invited my best friend to come to the mountains with me and help me calibrate out the sites/scope on the rifle. We took a 40-minute drive to the western-most bit of the area that had street access. Thinking we would shoot a couple of times, we went to a vacant open space that we thought was outside of city limits. In retrospect, the city limits were technically an acre further than where we actually were. We were having fun sorting out the sites and decided to stick around and shoot at cans and water bottles we had in the car. After shooting the cans a few dozen times each, we were snuck up on at gun point by 3 Westminster Police Officers who approached yelling at us to put the gun on the ground and put our hands up. We followed their orders explicitly and immediately. They admitted that they only approached because they saw our car down the road and heard some of the shots. They then told us that for shooting in the open space, it was illegal to "discharge a firearm within city limits." I explained to them, "that's why we're all the way out here—we didn't want to be near people, roads or buildings for safety reasons." At that point, the one officer commented that we were still within city limits. As he went on, I honestly don't remember what he said because he and another officer approached us to take the gun from the ground and the remainder of my memory of his words is hazy. I remember that he wrote us citations, took the rifle, and then let us go because I expressed the urgency of having to pick up my little sister from gymnastics practice within an hour with a 40-minute drive to get back to civilization. After that day, my best friend and I had attended court, and paid our fines and we were assigned 1-year probation as well as a gun safety/hunter's education course. We finished the course on the immediately following weekend, and then the city dropped even our probation period based on compliant and good behavior.

Narrative

On 08/01/2013 at 1654 hours I was dispatched to an illegal hunting at 10501 Simms ST, the Westminster Hills Open Space at the Mower Reservoir, in the City of Westminster, the County of Jefferson and the State of Colorado.

The reporting party, Robert Tellesma, was watching two males with a rifle shoot at the ducks in the pond. Robert was watching the men from the ridge with binoculars. Robert later stated to me that he saw the man in the red shirt, later identified as Zachary Adair, shooting the rifle into the pond. Robert saw the other male in dark clothing, later identified as Zakari Bissant, standing behind Zachary. Robert stated he heard the discharge of two distinct firearms. Robert stated he was certain one was a 22 caliber rifle and thought the other was a larger caliber firearm. Robert was also certain he heard the sound of bullets ricocheting off of the metal barn nearby, the City of Westminster forestry division buildings.

Officers Rex and Chris Sallier were first on scene and located the two armed men at the pond. Zachary Adair was found in possession of a 22 caliber bolt action rifle and was seen shooting the rifle by officers. The rifle had a magazine attached with only one bullet remaining. Zakari Bissant was found in possession of a 9mm Ruger brand semi-automatic pistol. The pistol had a magazine in and a round in the chamber. I found the magazine had twelve gold colored S&B brand 9mm bullets in a fifteen round capacity magazine. I found that the pistol had been fired recently, based on the strong smell of carbon, and carbon visible on the inside of the chamber. Zakari was also found in possession of another fifteen round magazine in his cargo pocket, this magazine was fully loaded with Speer brand hollow point 9mm bullets. Officers located 70 additional rounds of 9mm bullets still in boxes and 100 rounds of 22 caliber bullets in boxes.

I could not see any dead animals in the area.

Both men were placed under arrest for discharging firearms in a City of Westminster open space. I told the men that they would be transported to the Westminster Police Department for fingerprinting and photographing then released on summons. Without being asked a question, Zakari Bissant stated that he was the owner of the weapons, he was the owner of the bullets and it was his idea to come out to the pond and shoot the guns. Zakari stated he was unaware it was illegal to shoot the guns on this property.

Narrative

Both men were transported to the Police Department, booked and released on citations. The firearms were seized and entered as evidence along with the magazines and extra ammunition found at the scene. I completed the NCIC entry forms for the firearms as impounded property.

I contacted Robert Tricerra by phone and confirmed his previous statements. I asked if Robert was willing to be a witness to the crime and he was. I requested Robert complete a voluntary written statement and submit me when he was completed. Officer Rex brought Robert a written statement form.

Supplemental Report

On 08/01/13, at approximately 1655 hrs, I responded to the area of Women's Creek Reservoir regarding illegal hunting. The caller reported that 2 males were firing a rifle into a pond, possibly shooting at ducks. The location of the incident was later found to be at Mower Reservoir, in the Westminster Hills Open Space, 10301 Shinnis St.

Upon our arrival, Officer M. Rex and I contacted the RP, Robert Triemstra. He pointed out the location of the 2 males and described one of them as wearing a red shirt. As Officer Rex and I approached the reservoir, we heard gunfire. Once closer, we saw 2 males standing on a wooden observation deck at the south shore of Mower Reservoir. They were unaware of our presence. We stood and watched as the male in the red shirt, later identified as Zachary Adair (DOB 01/03/92), took aim at the water with a scoped rifle. He fired a single round, and I saw the impact in the water. At that point we challenged both males at gunpoint. Zachary put the rifle down and both males approached us with their hands raised. Officer Rex asked the other male, identified as Zakari Bissani (DOB 03/18/92), if he had something else, since he appeared to be motioning with his hand to indicate that he did. He then told us that he had a handgun in the front of his waistband. Both suspects were detained in handcuffs, and Zakari was disarmed. We explained to both of them that they were being detained for our safety while we investigated, and were not under arrest.

Once detained, I asked Zakari if he knew what property he was on. He said he saw a sign indicating that it was open space. Zakari explained that he believed it was lawful to shoot there. He admitted that both of them were taking turns shooting at the water, but they were not targeting any animals. Zakari said that the guns both belonged to him, and that the entire outing was his idea.

I secured the rifle from the observation deck. It was a Savage Mark II bolt action .221,lt with a scope.

Officer R. Stockman arrived to assist. He took custody of both guns and later booked them into evidence.

Officer Rex and I arrested and transported both suspects to the Westminster Police Department for booking. They were booked and released on summonses.

End of report.

Supplemental Report

On 08-02-2013 at 11:30 hours I conducted follow up investigation on the illegal discharge of a firearm on City Open Space at 16301 Summs ST, Westminster Hills Open Space, in the City of Westminster, the County of Jefferson and the State of Colorado.

After my conversation with the witness Robert Trimmstra, I went to Mower reservoir and searched for dead animals but found none. I did locate shell casings underneath the fishing dock. I found two 9mm luger S&W brand shell casings, the same that was used by Zakari Bissant in his semi-automatic handgun. I also found one .22 caliber shell casing, the same used by Zachary Adair.

I photographed the scene including the sign showing the area to be a City of Westminster Open Space, clearly visible from Indiana ST where Bissant and Adair had parked their vehicle, the barbed wire fence both men stepped over to walk down the casual trail to get to the pond; the gated fence both men walked through to get to the fishing dock; the fishing dock and the metal barn and house clearly visible from the fishing dock at which both men shot their weapons.

I later submitted the shell casing's and photographs into evidence.

2014 Case

The Trials and Tribulations of a Hard-working Undergraduate Student

To preface the story, I feel it absolutely necessary to note that I am a person who was raised properly. My parents, as well as the rest of my family, are all very loving, and supportive people. I am in no way, shape, or form condoning the actions described herein, but it is important to disclose all details regarding my recent legal issues.

I had dated a girl for over three years, and when I finally broke away from the manipulation, she lashed out. She would often call my family members and me to tell of how big of a mistake I was making by breaking up with her. Clearly, it was not an easy break up—for either party.

Eventually though, I was able to carry on with my life by working hard in school, extracurricular activities, and a very rewarding job I landed as an intern at telecommunications company. I think these things drove her mad because I was always far too busy bettering my life to be able to spend time with her.

Granted, I didn't really *want* to salvage the relationship. Regardless, she wasn't a fan of my effort to distance myself from her.

One day, Oct. 26th, my close friend Shawn had finished his MCAT exam, and we were all looking to celebrate in the downtown area of Boulder. We planned a fun night

out at the bars, and intended to go back to my place to finish off the night after the bars closed.

I ran into the old girlfriend at one of the bars, and when I went to say hello, a guy who had come with her pushed me away from her when I went to hug her. Naturally, I took the hint that they might be together, and since I already had my other friends on the dance floor, I left them to enjoy the night. I went to meet my friends on the dance floor, and I received a text from the old girlfriend—basically saying how I was acting “awkward,” etc. Essentially, she wanted to get a rise out of me, which she didn’t. So she told the kids she was with that I was making racial comments about them—her intentions were to see a fight between us.

I had never before seen these guys, so obviously I have no reason to make racial or hateful comments about these guys. Regardless, they believed her when she told them that I called them racial slurs, and they—understandably—didn’t like that.

When the bars closed, and my group of friends left the bar, we planned on heading back to mine. I received a call from the old girlfriend, but in the commotion of gathering everyone before leaving, I didn’t answer. I received another call from her, and this time, I answered while walking towards my place with my buddy Cory and Shawn. She was saying to meet her on the corner of an intersection right outside the bar. I explained on the phone that I was actually at that intersection since it was on my way home. When I looked up to see where she was, I see her point me out from across the

street, and some massive roid-raged guys sprint across towards me. They both had their fists clenched and widened stances as if intending to fight me.

I didn't want to fight—especially not over someone I no longer have feelings for! So I threw my hands in the air—in a surrendering motion. Some of the guys held back my buddy Cory, and Shawn, while the other guy worked me to the ground. Before everything was over—I had been repeatedly, hit by fists, knees, elbows, and kicked while I was on the ground. The main guy, when he was done beating me, said, “If you ever text or call Jenn again, I'll kill you! I will fucking kill you!” and then sucker punched me to the ground again, and they all left the intersection quickly because there were cops coming up on the scene.

Basically, even though I never said any racial remarks initially, after the ordeal—while I was concussed—I made a rude comment about the class of the kids, and something along the lines of them being so trashy that they have nothing better to do then to come to a college town, and start fights with smaller kids for no reason. I also called the old girlfriend a few names that I'm not proud of.

Since I put all of these comments in text message, apparently, they were considered harassing texts. So when I went to the police station to report the assault the next day, they considered my texts to be punishable by law as well. I never made a single rude, or racial comment until *after* I had been jumped. These types of comments are

extremely atypical of my behavior; and to this day, I don't think I would have ever made them had I not been concussed.

In all honesty, I have nothing against people of other races—I am myself a mixture of Italian and Moroccan descent. In addition, I spent a good deal of my summer in Nicaragua, aiding the less fortunate villages with medicine and medical care. I'm not a bigot. The two racial harassment charges were dropped entirely due to the lack of evidence that I said these things with malicious intent—after all, the things one says after being concussed could be the result of the concussion itself. As for the remaining harassment charge for the things I said to the old girlfriend—this charge will also be entirely dropped in eleven months when I complete my community service and satisfy other conditions of the deferred judgment.

Thank you for taking the time to review my story, and please know that I have learned more from this terrible experience than one might think. For one, I've learned that everyone just wants to be respected, and feel appreciated. That's one major thing that I can take with me for when I open my own chiropractic clinic—to ensure that everyone always feels respected and appreciated; everyone is a human being, and whether they are good, regular customers, or people who drop by once a year, they need to be treated with respect and appreciation. As for the other aspects I've learned, there are some minor nuances I've picked up, but I imagine the most learning will be done when the eleven months is over, and I can sit back, and reflect on the situation as a whole.

Subject: Dismissal of Case and Sealing of Records

Wak,

I hope that all is well with you. I don't know if you are still using this email address, so I copied your parents in on this correspondence.

You have successfully completed the deferred judgment in your case and the District Attorney has filed a motion to withdraw your guilty plea and dismiss the case in its entirety. Once the final Order of Dismissal is entered by the judge, you will be eligible to file a Petition to Seal Records in the District Court. Sealing the records will make it unlikely that this incident will appear on a background check, and will permit you, in most circumstances, to deny that you have any criminal history. I strongly recommend that you pursue this.

Get in touch so that we can discuss the process, costs, etc.

Regards,

Mark Langston

Dr. Bissani's explanations to his
negative responses to question
numbers 17 and 18

The above has been an honest (albeit almost nostalgic) account of the events of my distant past, and although these events involved law enforcement, I am not a criminal. I am an upbeat, energetic, generous, and caring human being.

To address my failure to disclose these stories on my application, I consider it important to note the nature of these incidents never included being booked, or brought into jail for an instance, and both of them were resolved immediately and outright. Even the probation officer of the second ordeal went out of his way to help me ensure that the case was closed successfully. In that frame of mind, I did not consider these events to pertain to part 17 of the application. Additionally, I'm not a legal expert by any stretch of the imagination, but the terminology "convicted," as far as I understood, specifically pertains to felonies, so it was my understanding that these petty misdemeanors had no relevance for section 18 of the application either. Regardless of my own misunderstanding of the nomenclature used on the application, after contacting Federal Heights for a records release, they taught me that they purge the records four years after the citation for misdemeanor; the event took place a decade ago, so it is not possible for me to include the records relating to that day.

In closing, I hope it is understood that my open and truthful description of these stories is indicative that I am not hiding anything from anybody, and that I would have willingly disclosed this material if I understood it to be pertaining to desired information on the application.

VOLUNTARY WAIVER OF STATUTORY NOTICE OF A MEETING OF THE CHIROPRACTIC PHYSICIANS' BOARD OF NEVADA

I, Zakari Larbi Bissani, DC, understand that the Nevada Open Meeting Law (NRS 241.033) grants to me a personal right to prior written notice of the time and place of a meeting whereas the Board will consider any one or more of the following matters: my character, alleged misconduct, professional competence, or physical or mental health. I understand that the Board must consider one or more of the above matters when it reviews the Application for License as a Doctor of Chiropractic in the State of Nevada.

I know that by law the Board must give me this written notice in one of the two following ways before it is allowed to consider my request at its next scheduled meeting unless I personally choose to give up my right to receive my notice in such a way:

Please sign and return this form to the Chiropractic Physicians' Board of Nevada.

2. An application for the issuance of a certificate as a chiropractor’s assistant must include all information required to complete the application.

Section 11. NRS 634.125 shall be amended to read as follows:

A chiropractor’s assistant may perform such ancillary services relating to chiropractic as he or she is authorized to perform under the terms of a certificate issued by the Board. Those services must be rendered under the supervision and control of a ~~[chiropractor]~~ *chiropractic physician*.

Section 12. NRS 634.127 shall be amended to read as follows:

2. Except as otherwise provided in subsection 10 or 11, the renewal fee must be paid and all information required to complete the renewal must be submitted to the Board by January 1 of:

- (a) Each odd-numbered year for a licensee; and

of this regulation eliminates the requirement that an original or copy of a certificate of attendance at a seminar be provided to the Board.

Section 3 of this regulation provides that the Board may perform random audits of licensees and chiropractor's assistants to ensure compliance with requirements for continuing education.

Section 6 of this regulation provides that the falsification of documentation concerning continuing education will be interpreted by the Board as a form of unprofessional conduct for the purposes of imposing disciplinary action.

Existing law authorizes the anonymous filing of complaints alleging grounds for disciplinary action against a person practicing chiropractic in this State. (NRS 634.160) Existing regulations require a complaint to be signed and verified by the person making the complaint. (NAC 634.635) **Section 7** of this regulation eliminates these signature and verification requirements to conform with statute.

Section 1. Chapter 634 of NAC is hereby amended by adding thereto the provisions set forth as sections 2, 3 and 4 of this regulation.

Sec. 2. *Each licensee shall annually submit a self-inspection form prescribed by the Board. The self-inspection form must be received by the Board between January 1 and March 31. The Board will reject a self-inspection form submitted pursuant to this section if the form is incomplete.*

Sec. 3. 1. *The Board may perform random audits of licensees and chiropractor's assistants or audits that are based on complaints or charges against licensees or chiropractor's assistants to ensure compliance with the requirements for continuing education.*

2. *If the Board chooses to conduct an audit of a licensee or chiropractor's assistant, the Board will notify the licensee or chiropractor's assistant, as applicable, of its decision to conduct an audit. The licensee or chiropractor's assistant, as applicable, shall provide to the*

Board detailed information and documentation concerning the hours of continuing education claimed.

Sec. 4. 1. A licensee shall ensure that each of his or her employees who provides services other than chiropractic or clerical services to a patient of the licensee provides those services only under the direct supervision of the licensee.

2. A licensee shall not authorize an independent contractor to provide services to a patient in the office of the licensee unless the licensee has established procedures to ensure that the patient is notified that:

(a) The independent contractor is not an employee of the licensee; and

(b) The services are not provided under the direct supervision or control of the licensee.

Sec. 5. NAC 634.385 is hereby amended to read as follows:

634.385 1. Except as otherwise provided in subsection 7, the Board may approve or endorse an educational class or a seminar if it is designed to advance the professional skills and knowledge of the chiropractic physicians licensed, or chiropractors' assistants certified, in this State for the purpose of ensuring an optimum quality of chiropractic health care.

2. The Board may approve or endorse the attendance by licensees or holders of certificates, in person or on-line, of an educational seminar or seminars if:

(a) The syllabus and curriculum of the instructors of the seminar or seminars and the required fee are submitted to the Board;

(b) The seminar or seminars provide instruction in conformity with subsection 3 or 4 of NRS 634.130, as applicable;

By Settlement Agreement, Dr. Brady shall comply with all terms and conditions of the California Board's Decision and Order dated April 24, 2012 (eff. It was subsequently determined that Dr. Robinson did not comply with the terms and conditions of his agreement with California. This was addressed at the June 4, 2011 meeting and a new Agreed Settlement was approved that extends his probation for another five years concurrent with and under the same terms and conditions as his settlement agreement with California. **Dr. Robinson was placed in tolling status effective November 18, 2015 and has a five year tolling limit. All the terms and conditions in the SAO entered September 10, 2016 shall remain in full force and effect, except he may pay the Board's costs at the minimum rate of \$50.00 per month and in lieu of paying the \$1,500.00 fine he may perform 100 hours of community service, which he has completed with the People's Autism Foundation. **Dr. Rubin's probation terminated on September 10, 2019. The current balance of the Board costs due is \$800.00.**

Within six months of the effective date of this Order, Dr. Stella shall provide the Board's office written evidence of satisfactory completion of eight hours of continuing education related to ethics and boundaries and four hours related to medical recordkeeping. **Dr. Stella has completed all stipulations of the Order with the exception of probation, which terminates on January 31, 2021.**
